Education

Ph.D. Statistics, Wharton School, University of Pennsylvania — 2017
Thesis advisor: T. Tony Cai
"Statistical Inference For High-Dimensional Linear Models"

B.S. Mathematics, The Chinese University of Hong Kong — 2012
First Class Honor

Positions

Qiushi Chair Professor — Aug 2025- present
Center for Data Science
Zhejiang University

Associate Professor (with tenure) — July 2022- July 2025
Department of Statistics
Rutgers, the State University of New Jersey

Assistant Professor — Sep 2017- June 2022
Department of Statistics
Rutgers, the State University of New Jersey

Research Interests

My research focuses on reliable inference and generalizable learning under hidden confounding, high dimensionality, distribution shift, and nonregularity. My work spans causal inference, robust multi-source learning, nonstandard inference, and high-dimensional uncertainty quantification, with applications in genetics, proteomics, and multi-center health data.

Honors and Awards

- ICSA Outstanding Young Researcher Award — July. 2023
- Honorary Mention for Bernoulli Society New Researcher Award 2023 — Nov. 2022
- ICSA New Researcher Award, ICSA 2019 — Dec. 2019
- IMS travel Award, JSM — Aug. 2017
- President Gutmann Leadership Award, University of Pennsylvania — Apr. 2017
- J. Parker Bursk Prize — Sept. 2016
  Awarded by the Wharton School for excellence in research.
- Statistics in Epidemiology Young Investigator Award, JSM — Aug. 2013
  Awarded by the ASA section on Statistics in Epidemiology.

Visiting Positions

Invited Research Fellow (Nov 2018, Sep-Oct 2023, Apr-May 2024, June 2025)
Forschungsinstitut für Mathematik, ETH, Zürich (Host: Peter Bühlmann)

Invited Research Fellow (Apr-May 2024, Dec 2024, June 2025)
Inria, Paris (Host: Francis Bach)

Invited Research Fellow (June 2024)
Department of Statistics/Economics, University of Oxford (Host: Frank Windmeijer)

Invited Research Fellow (Apr 2024)
Department of Mathematics, Cambridge University (Host: Richard Samworth)

Invited Research Fellow (March 2024)
University of Twente (Host: Johannes Schmidt-Hieber)

Invited Research Fellow (Sep 2019, Sep 2023, Feb-Mar 2024)
The Chan School of Public Health, Harvard University (Host: Tianxi Cai)

Invited Research Fellow (Feb 2024)
Department of Economics, Yale University (Host: Xiaohong Chen)

Invited Research Fellow (Jan-Feb 2024)
Statistics & Data Science, Carnegie Mellon University (Host: Larry Wasserman)

Invited Research Fellow (Aug 2017)
Perelman School of Medicine, University of Pennsylvania (Host: Hongzhe Li)

23. Invited speaker, 9th RUC-IFS, Beijing, China, *"Statistical Inference for Maximin Effects: Identifying Stable Associations across Multiple Studies."*, July 2023
24. Invited speaker, JCSDS, Beijing, China, *"Robust Inference for Federated Meta-Learning."*, July 2023
25. Invited speaker, ICSA 2023, Hong Kong, China, *"Causal Inference with Invalid Instruments: Post-selection Problems and A Solution Using Searching and Sampling."*, July 2023
26. Invited talk (virtual), joint statistics seminar of ENSAE/Ecole Polytechnique, France, *"Doubly Debiased Lasso: High-Dimensional Inference under Hidden Confounding."*, June 2023

27. Invited talk (virtual), Inria, France, *"Statistical Inference for Maximin Effects: Identifying Stable Associations across Multiple Studies."*, May 2023
28. Invited talk (virtual), Beijing Normal University, China, *"Statistical Inference for Maximin Effects: Identifying Stable Associations across Multiple Studies."*, May 2023
29. Invited talk (virtual), Peking University, China, *"Robust Inference for Federated Meta-Learning."*, March 2023
30. Invited talk (virtual), 1st joint webinar of the IMS New Researchers Group, Young Data Science Researcher Seminar Zürich and the YoungStatS Project, *"Statistical Inference for Maximin Effects: Identifying Stable Associations across Multiple Studies."*, March 2023
31. Invited talk (virtual), CMStatistics 2022, London, UK, *"Doubly Debiased Lasso: High-Dimensional Inference under Hidden Confounding."*, Dec 2022
32. Levin Lecture, Department of Biostatistics, Columbia University, USA, *"Multi-data Replicability via the Maximin Criterion: High-Dimensional Inference for Group Distributionally Robust Models."*, Sep 2022
33. Lab seminar (virtual) led by Tianxi Cai, The Chan School of Public Health, Harvard University, USA, *"Robust Inference for Federated Meta-Learning."*, Sep 2022
34. RAND Center Causal Inference Symposium (virtual), *"Two Stage Curvature Identification with Machine Learning: Causal Inference with Possibly Invalid Instrumental Variables."*, Aug 2022
35. Invited speaker, JSM 2022, USA, *"Causal Inference with Invalid Instruments: Post-selection Problems and A Solution Using Searching and Sampling."*, Aug 2022
36. Invited speaker (virtual), ICSA 2022, University of Florida, USA, *"Doubly Debiased Lasso: High-Dimensional Inference under Hidden Confounding."*, June 2022
37. Online causal inference seminar (virtual, discussed by Professor Frank Windmeijer), *"Two Stage Curvature Identification with Machine Learning: Causal Inference with Possibly Invalid Instrumental Variables."*, April 2022
38. Center for Causal Inference seminar (virtual), University of Pennsylvania, USA, *"Two Stage Curvature Identification with Machine Learning: Causal Inference with Possibly Invalid Instrumental Variables."*, March 2022
39. Department seminar (virtual), Department of Biostatistics & Medical Informatics, University of Wisconsin–Madison, USA, *"Decorrelated Local Linear Estimator: Inference for Non-linear Effects in High-dimensional Additive Models."*, Feb 2022
40. Lab seminar (virtual) led by Tianxi Cai, The Chan School of Public Health, Harvard University, USA, *"Transfer Learning with Multi-source Data: High-Dimensional Inference for Group Distributionally Robust Models."*, Jan 2022
41. Invited speaker (virtual), CMStatistics 2021, *"Inference for Case Probability in High-dimensional Logistic Regression."*, Dec 2021
42. Invited speaker (virtual), JSM 2021, Seattle, USA, *"Inference for High-dimensional Maximin Effects in Heterogeneous Regression Models Using a Sampling Approach."*, Aug 2021
43. Invited speaker (virtual), The First International Conference on Statistics and Related Fields, Luxembourg, *"Inference for High-dimensional Maximin Effects in Heterogeneous Regression Models Using a Sampling Approach."*, July 2021
44. Lab seminar (virtual) led by Tianxi Cai, The Chan School of Public Health, Harvard University, USA, *"Maximin Effect and Distributional Robustness: A Review and New Advances."*, June 2021
45. Department seminar (virtual), Department of Statistics, East China Normal University, Shanghai, China, *"Inference for High-dimensional Maximin Effects in Heterogeneous Regression Models Using a Sampling Approach."*, May 2021

46. Center for Causal Inference seminar (virtual), University of Pennsylvania, USA, *"Post-selection Problems for Causal Inference with Invalid Instruments: A Solution Using Searching and Sampling."*, May 2021
47. Department seminar (virtual), Department of Economics, The Chinese University of Hong Kong, Hong Kong, China, *"Post-selection Problems for Causal Inference with Invalid Instruments: A Solution Using Searching and Sampling."*, April 2021
48. Department seminar (virtual), Department of Statistics, The University of Hong Kong, Hong Kong, China, *"Doubly Debiased Lasso: High-Dimensional Inference under Hidden Confounding."*, April 2021
49. Department seminar (virtual), Medical School, University of Exeter, Exeter, UK, *"Inference for Non-linear Treatment Effects with Control Function Methods."*, Feb 2021
50. Invited talk (virtual), CMStatistics 2020, London, UK, *"Doubly Debiased Lasso: High-Dimensional Inference under Hidden Confounding."*, Dec 2020
51. Department seminar (virtual), Department of Statistics, Cornell University, USA, *"Doubly Debiased Lasso: High-Dimensional Inference under Hidden Confounding."*, Oct 2020
52. Invited talk (virtual), JSM 2020, Philadelphia, USA, *"Doubly Debiased Lasso: High-Dimensional Inference under Hidden Confounding and Measurement Errors."*, Aug 2020
53. Invited participant (virtual), *"Mathematical and Statistical Challenges in Uncertainty Quantification."*, Cambridge, UK, July 2020
54. Department seminar (virtual), Department of Statistics, UC Davis, USA, *"Doubly Debiased Lasso: High-Dimensional Inference under Hidden Confounding and Measurement Errors."*, May 2020
55. Center for Causal Inference seminar (virtual), University of Pennsylvania, USA, *"Doubly Debiased Lasso: High-Dimensional Inference under Hidden Confounding and Measurement Errors."*, May 2020
56. Biostatistics reading group (virtual, led by Jinbo Chen), University of Pennsylvania, USA, *"Group Inference in High Dimensions with Applications to Hierarchical Testing."*, May 2020
57. Department seminar, Department of Statistics, East China Normal University, Shanghai, China, *"Group Inference in High Dimensions with Applications to Hierarchical Testing."*, Dec 2019
58. Invited talk, 11th ICSA International Conference, Hangzhou, China, *"Group Inference in High Dimensions with Applications to Hierarchical Testing."*, Dec 2019
59. Invited talk, International Statistical Conference in Memory of Professor Sik-Yum Lee, Hong Kong, China, *"Group Inference in High Dimensions with Applications to Hierarchical Testing."*, Dec 2019
60. Causal reading group (led by James Robins), School of Public Health, Harvard University, USA, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, Sep 2019
61. Department seminar, Department of Statistics, East China Normal University, Shanghai, China, *"Individualized Treatment Selection: A Hypothesis Testing Approach in High-dimensional Models."*, June 2019
62. Invited talk, 2019 Hangzhou Data Science Conference, Hangzhou, China, *"Local Inference in High-dimensional Sparse Additive Modeling."*, May 2019
63. Department seminar, School of Data Science, City University of Hong Kong, Hong Kong, China, *"Individualized Treatment Selection: A Hypothesis Testing Approach in High-dimensional Models."*, May 2019
64. Department seminar, ISOM, HKUST, Hong Kong, China, *"Local Inference in High-dimensional Sparse Additive Modeling."*, May 2019

65. Department seminar, Department of Statistics, University of Virginia, USA, *"Local Inference in High-dimensional Sparse Additive Modeling."*, March 2019
66. Invited talk, 2019 ICSA Data Science Conference, Xishuangbanna, Yunnan, China, *"Individualized Treatment Selection: A Hypothesis Testing Approach in High-dimensional Models."*, Jan 2019
67. Young Research Session, Memorial Workshop for Lawrence D. Brown, University of Pennsylvania, USA, *"Individualized Treatment Selection: A Hypothesis Testing Approach in High-dimensional Models."*, Nov 2018
68. Department seminar, Seminar for Statistics, Department of Mathematics, ETH Zurich, Switzerland, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, Nov 2018
69. Department seminar, Department of Mathematics, NJIT, USA, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, Nov 2018
70. Department seminar, ORFE, Princeton University, USA, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, Oct 2018
71. Department seminar, ISOM, HKUST, Hong Kong, China, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, July 2018
72. Department seminar, Department of Statistics, Nankai University, China, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, July 2018
73. Invited talk, IMS Asia Pacific Rim Meeting, Singapore, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, June 2018
74. Invited talk, Hong Kong EcoStat Conference, Hong Kong, China, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, June 2018
75. Invited talk, ICSA Symposium 2018, New Brunswick, USA, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, June 2018
76. Invited talk, Purdue Symposium on Statistics, USA, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, June 2018
77. Invited talk, 2018 Hangzhou Data Science Conference, Hangzhou, China, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, May 2018
78. Invited talk, Lorentz Center, Leiden University, Netherlands, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, Apr 2018
79. Department seminar, Department of Statistics, Columbia University, USA, *"Semi-supervised Inference for Explained Variance in High-dimensional Linear Regression and Its Applications."*, Apr 2018
80. Invited talk, *"Statistical Foundations of Uncertainty Quantification for Inverse Problems."*, Cambridge, UK, June 2017
81. Seminar, Center for Statistical Methods in Big Data, University of Pennsylvania, USA, *"Inference with High-dimensional Covariates and Possibly Invalid Instruments."*, Apr 2017

82. Seminar, Institute of Data Science, Fox School of Business, Temple University, USA, *"Inference for High-dimensional Linear Models: Fundamental Limits and Algorithms."*, Feb 2017
83. Department seminar, Department of Biostatistics, UC Berkeley, USA, *"Inference for High-dimensional Linear Models: Fundamental Limits and Algorithms."*, Feb 2017
84. Department seminar, Department of Statistics, Rutgers University, USA, *"Inference for High-dimensional Linear Models: Fundamental Limits and Algorithms."*, Feb 2017
85. Department seminar, Department of Statistics, University of Michigan, USA, *"Inference for High-dimensional Linear Models: Fundamental Limits and Algorithms."*, Jan 2017
86. Department seminar, Department of Statistics, University of Minnesota, USA, *"Inference for High-dimensional Linear Models: Fundamental Limits and Algorithms."*, Jan 2017
87. Department seminar, Department of Statistics, UIUC, USA, *"Inference for High-dimensional Linear Models: Fundamental Limits and Algorithms."*, Jan 2017
88. Department seminar, DPMMS, University of Cambridge, UK, *"Inference for High-dimensional Linear Regression: Fundamental Limits and Algorithms."*, Jan 2017
89. Department seminar, Department of Statistics, UC Santa Barbara, USA, *"Inference for High-dimensional Linear Models: Fundamental Limits and Algorithms."*, Jan 2017
90. Invited talk, Mathematical Meeting in Statistics, Fréjus, France, *"Optimal Estimation of Genetic Correlation in High-dimensional Linear Models."*, Dec 2016
91. Econometrics Lunch, Department of Economics, University of Pennsylvania, USA, *"Confidence Intervals for Treatment Effects in High-dimensional Linear Models."*, Nov 2016

Other Talks

1. Topic contributed talk, Joint Statistical Meetings, Baltimore, USA, *"Optimal Estimation of Co-Heritability in High-Dimensional Linear Models"*, Aug. 2017
2. Contributed talk, Joint Statistical Meetings, Chicago, USA, *"Accuracy Assessment for High-dimensional Linear Regression"*, Aug. 2016
3. Contributed talk, Eastern North American Region, Austin, USA, *"Confidence Intervals for High-Dimensional Linear Regression: Minimax Rates and Adaptivity"*, Mar. 2016
4. Poster presentation, John W. Tukey Conference, Princeton University, *"Confidence Intervals for High-Dimensional Linear Regression: Minimax Rates and Adaptivity"*, Sept. 2015
5. Contributed talk, Joint Statistical Meetings, Seattle, USA, *"Distance Matrix Estimation from Noisy Observation of Low Rank Position Matrix"*, Aug. 2015
6. Contributed talk, Joint Statistical Meetings, Boston, USA, *"Instrumental Variable Approach for Mediation Analysis of Count Model"*, Aug. 2014
7. Topic Contributed talk, Joint Statistical Meetings, Montreal, Canada, *" Instrumental Variable Approach for Mediation Analysis of Zero-Inflated Count Model"*, Aug. 2013
8. Poster presentation, Atlantic Causal Inference Conference, Harvard University, *"Control Function Instrumental Variable Estimation of Nonlinear Causal Effect Models"*, May. 2013
